PUBLIC WORKS**

INFORMATION NOTICE

Traffic Calming Pilot Project

Greenfield Road, between Northumberland St. to Trussler Rd.

In response to speeding concerns on Greenfield Road, received from the residents of Ayr, the Township of North Dumfries will be initiating a traffic calming pilot project.

The pilot project will witness the temporary installation of rubber speed humps on Greenfield Road, between Northumberland St. to Trussler Rd. The temporary speed humps will be in place for the time period extending between June to November 2024.

Speed and traffic count data will be collected by the Township before the installation of the temporary speed humps; part-way through the pilot project period; and, upon removal of the temporary installation of the speed humps. This data will assist the Township with understanding whether the speed humps were of assistance in modulating the speed of vehicles through the Study Area.

The temporary rubber humps are an addition to the existing traffic calming measures already in place, which are summarized as follows:

- Radar Speed Signs
- Reduced road width via paint (fog lines)
- 50 Km/hr posted speed limit

The map contained with this Notice conceptually identifies the approximate location of the temporary speed humps, and the length of the road corridor that is involved in the pilot project. The speed humps are tentatively scheduled for installation the week of June 10th.

The Township would welcome during the pilot project time period your comments / observations on traffic patterns and the speed of vehicles.

In addition, you will be notified when the future Staff Report on the results from the Greenfield Road Traffic Calming pilot project are presented to Council. The completion of the pilot project, in combination with resident feedback and the data collected, will

inform potential next steps in terms of longer term permanent tools or controls to assist with the modulation of vehicle speed along this road corridor.

For your convenience, comments are to be submitted to staff via the online form located on the Township's website [www.northdumfries.ca] You may also print the attached form and return it by email to publicworks@northdumfries.ca, or alternatively, this form can be mailed or hand delivered to the Township Municipal Office located at 106 Earl Thompson Road, 3rd Floor, P.O. Box 1060, Ayr, Ontario NOB 1EO.
